- Git

## **EXPERIENCE**

### **Generation Junior Full Stack Java Developer Program** | Remote | August 2022 – December 2022

#### *Training Participant*

- Participated in a 16-week, 460+ hour Junior Full Stack Java Developer program that emphasized hands-on practical application.
- Learned and deployed the technologies involved in creating innovative full stack web applications with Java using Spring Boot Framework, JavaScript, HTML5, CSS.
- Conducted unit scripts test with JUnit and Mocha, and troubleshoot and debugged issues to ensure the quality and functionality of the code.
- Collaborated with peers on our e-commerce project, connecting the front-end and back-end driven database using the SCRUM development life cycle.
- Construct Docker container that integrates a Spring Boot application and a MySQL database.

### **Electronic Arts** | Baton Rouge, LA | May 2022 – August 2022

#### *Video Game Quality Assurance Tester*

- Ensured station's consoles and computers have the correct build/version.
- Efficiently reported bugs and queries using JIRA.
- Playtest, Task Specifics, and Ad-Hoc for upcoming releases.
- Familiar with bug reporting tools such as video and photo editor, screen recorder, and in-game commands.
- Worked profoundly with small teams for ad-hoc or specific tasks and large-scale teams for playtesting.

### **Green Heart Meals** | Lafayette, LA | June 2020 – May 2022

#### *Cook/Website Manager*

- Prepared and cooked meals according to daily inventory of 1000 meals.
- Displayed and sustained adequate inventory of 75% in the store fronts.
- Assisted the redesign of GreenHeartMeals.com with Sprwt, a meal prep software.
- Maintained accurate inventory and updated photos and descriptions on website.
- Ensured user experience across the website is smooth with no bugs.

## **EDUCATION**

### **Delgado Community College** | New Orleans, LA |

- Associate of Applied Science in Information Technology
- Cumulative GPA: 3.7/4.0 | Dean's List
